- Financial App's (Using single spa)

### PROFESSIONAL SUMMARY

React JS Frontend Developer with 4 years of experience developing financial dashboards and data-driven platforms. Proficient in HTML5, CSS3, JavaScript, React, and Microfrontend solutions using Single-spa.

### WORK EXPERIENCE

#### Frontend Developer

Financial Application (HTML, CSS, React, Redux, Material UI, Tailwind CSS, Proounce Solution Pvt. Ltd. | 2023–Present Single-SPA Microfrontend)

- I worked on creating financial data tables and analytics modules with Single-SPA apps hosted across different servers.
- Developed Shared Utilities and Common Components which can be used across all the applications.
- Collaborated with backend teams to integrate REST APIs and handle dynamic data rendering.
- Enhanced UI performance and reduced build load times through code splitting and React optimization techniques.
- Created a support app where we can create, reject, resolve the tickets.

#### UI Developer

Stock Market Application (Html, CSS, JS, React)

Hypersoft Technologies Ltd. | 2022–2023

- Developed responsive, data-driven UIs for real-time comparison of stock prices and market trends
- Created reusable UI components.
- Collaborated with backend teams to integrate REST APIs.

#### UI Developer

Static Websites (Html, CSS, JS, Bootstrap)

Sri Sai Jyothi Digitals | 2021–2022

- Manage website development projects from initial design through completing and optimizing the website.
- Developed responsive websites using HTML, CSS, Javascript.
- Created Templates using Photoshop.
